Grade Level	Number of Retained Students

- Retention is not taken lightly and several factors are considered before deciding to retain a student. The desired outcome when retaining students is for them to improve their long-term educational performance as they progress through school. The short-term goal of retention is for students to make meaningful progress and gains in the repeated year.
- Several factors are taken into consideration as the retention decision is made; academic deficiency, attendance, maturity, social skills, previous retention, parent support, etc.
- Teachers look at multiple data points (iReady diagnostics, classroom grades, standardized test scores, running records, etc) to help determine whether a student should be retained.
- Parents are alerted early in the school year (sometimes at the first parent/teacher conference) of student deficiencies and sign a document indicating they have been notified that their child is not working on grade level.
- Phone calls have been made and retention letters have been mailed to parents.

4-12 Report to the Board of Directors

Curriculum and Academics:

- We had 29 of our 30 seniors graduate on June 3rd, 2022 at Pinnacle Classical Academy's Lyceum. We had a very good turnout and both Senior Awards Night and Graduation were nice ceremonies for our PCA families. Twelve of our 30 seniors graduated with their Associates Degree as well as their high school diploma. We are very proud of our Pinnacle graduates and are excited to see what the future holds for each of them.
- Our testing year for the 2021-2022 school year has concluded. We are using this data to reflect on our instructional methods for the 2022-2023 school year and will use this to help focus and drive instruction.
- The last day of classes for students was Friday, May 27th. We held an in person awards ceremony for all students in grades 4-11. Email invitations were sent to parents of students receiving awards. The day seemed to go well and the students appeared appreciative. It was a good way to end the year and celebrate student accomplishments. It was nice to have families on campus again so that we could celebrate all our academic accomplishments to the fullest.
- We have several camps that will be going on this summer to help students retain and reinforce concepts learned throughout the school year. We will be offering a reading camp and a math camp for students in grades 4-5 at the 4-12 campus. Reading camp will be held from June 13th - June 23rd and math camp is from July 11th - July 22nd.
- We have already started the process of assisting the Class of 2023 with their college application process. We hosted a summer workshop led by Dr. David Parker, head of Parker Educational Consulting. This workshop is designed to give students advice and hands-on workshop time for writing powerful college application essays, and writing the most effective and concise activities and honors sections for their college applications. Students will walk away from the workshop with advanced drafts of their essays and well-crafted honors and activities sections for their Common Application. We have over 20 students participating in this camp.

Year in Review:

PCA recently hosted its Athletic Recognition Night to honor and recognize ALL athletic teams for the 2021-2022 school year. We took this time to award letters and gold bars to all athletes that had met the criteria set by the PCA Athletic Committee. We had a great crowd and everyone seemed to appreciate the format of the evening.

In May, our Thunderbirds competed in the 2022 State Tournament and came back to PCA with 3 additional state titles. Please see the press release below:

Pinnacle Classical Academy archers sweep state championships:

Pinnacle Classical Academy's archery team, the Thunderbirds, competed in the 2022 North Carolina Scholastic 3-D Archery 3D State Championship and won the state championship titles in all three divisions.

Over 130 archers competed in the event, which took place on May 21 at the Sage Creek 3D Archery Range in Mount Airy. Emma Gladden (grade 3), Ryleigh Dellinger (grade 5), Anzlee Kilby (grade 7), Aidyn Smith (grade 7), Carter Ross (grade 9), Caleb Yates (grade 9), and Heather Carswell (grade 10) all won individual state titles.

"We are so proud of the members of our archery team, which has won numerous state and national championships over the years," said Dr. Shelly Bullard, the school's headmaster. "And we are so grateful for our parent-led coaching organization that does such an excellent job working with students. Sara and Todd Tongel started the Thunderbirds almost nine years ago, and with the assistance of other parents have built a powerhouse archery dynasty here at Pinnacle."

"Significant archery scholarships are one reason why the 30 members of the class of 2021 were offered a combined \$4,093,820 in four-year academic and athletic scholarship awards," Dr. Bullard added.

The Thunderbirds will compete in the 2022 Scholastic 3-D Archery 3D National Championship in Illinois in June.

"The Athletic Department is very proud of our archery team," said Brandon Gosey, Pinnacle Classical Academy's Athletic Director. "The Thunderbirds continue to set the bar higher and higher each year for all teams across the state and country. The team's determination and commitment to the sport are second to none! The Thunderbirds' success continues to put PCA Athletics on the map, and we wish them the best of luck at Nationals."

Pinnacle Classical Academy is currently accepting forms for enrollment in August. For more information, please call (704) 740-4040, or visit PinnacleClassicalAcademy.com.

We have closed out the majority of our 2021-2022 Athletic Season. Our Archery program will compete at the National level later this summer. We are very proud of them. The Athletic Department will keep you updated on their success as it becomes available. Best of luck to our Thunderbirds.

2022-2023

The Athletic Department is in the process of preparing for the 2022-2023 school year. We are currently working on our Fall/Winter athletic schedule as well as hiring a couple of coaches. We are still looking for the following.

Cross Country (Mr. Gosey will fill if needed)

Women's Softball (Posted - We have had a good show of interest)

Women's Soccer (Will continue to search)

With all that being said, we continue to see a higher level of interest in our athletic program which is a good sign. Folks are interested in coaching here AND our students are dying to make the team. We hope to continue to build on this notable growing energy.

At the direction of Dr. Bullard, the Athletic Department is still in the process of searching for facilities to host PCA Athletic Events next school year due to the upcoming Gym renovations. When specific details are available, I will share those with you. It appears that our best options will be within our local YMCA system.

NCHSAA Application (For Consideration)

It's the recommendation of the Athletic Department to move forward with the application to join the NCHSAA. WE held off on our NCHSAA application last summer due to the political unknowns at the time. Given that those issues appear to be settled, I wanted to encourage the board to consider the idea of PCA starting that process again. Given the upcoming gym expansion, and our increase in participation, I think we've checked off a couple of important concerns I had: 1: Facilities, and 2: Enough age appropriate students to consistently roster a team as required by NCHSAA. From my conversations with Que Tucker, at the NCHSAA, this "joining" process would take a couple of years and should give us time to complete the gym and provide us an opportunity to grow even more. PCA Athletics is building a recognizable brand and reputation in our community. I would love to see our student athletes have the opportunity to play their neighbors. As discussed earlier this school year, our application cost would be \$1,000. The application process will take us around 2 years due to the lengthy process required. I am happy to answer any questions you may have.

The Athletic Department continues to work diligently with local stakeholders to ensure that ALL sports offered at PCA have an adequate and appropriate place to play, practice, and compete. PCA continues to work tirelessly to improve our athletic facilities here on campus. While the future is bright, the Athletic Department is well aware that we will face some growing pains and must adapt to changes moving forward.

It goes without saying that community support and local stakeholders play a huge part in any school's success regardless of location. The Athletic Department has been offered to use the softball field at Landmark Baptist Church for as long as we would like. In a recent meeting with Pastor Davis, the church stands ready to partner with PCA and our athletic program by making some adjustments to their field that would benefit our Softball program for free. Those field modifications include:

- Lights
- Scoreboard
- Bleachers
- Additional Bathrooms etc.

Pastor Davis would like to put up a sign/banner that would read: "Home of the Eagles" or "Temporary Home of the Eagles." The Athletic Department would present the banner design to both the Athletic Committed and the PCA Board before placing.

Pastor Davis and his leadership team only asks that PCA commits to using his field for a year or so before making the investment. It is my understanding from conversations with the PCA Board of Education, Dr. Bullard, and the Athletic Committee, that a softball field on our campus (while a future reality) is still in the distant future. The Athletic Department recommends that the Committee moves forward with the usage of this field for the next year or two. Please let me know if you have any questions.

At the direction of Sen. Westmoreland, once approved by the PCA Athletic Committee, this request will move to the Board of Education for a reading and vote this Sunday. The Athletic Department also recommends offering Pastor Davis to join our Athletic Committee as his roots in our community and his commitment to PCA runs deep.

Thank you,

Brandon Gosey
Pinnacle Classical Academy
Athletic Director
