Teacher Retention

- 3rd grade teachers and EC teachers received follow up Inclusion Training on October 2nd. This is the approach that we are using in 3rd grade with our students in the EC program. We are training everyone in this approach to ensure student and teacher success.
- Weekly walkthroughs are going well. This is a “snapshot” observation each week with timely feedback sent to teachers.
- Formal Observations have begun. The format for these observations is very different from the Walkthroughs. An entire lesson is observed with careful attention to management, planning, instructional presentation, assessment, instructional monitoring, and professional efforts. Feedback is shared at a post conference that takes place within 10 days from the observation.
- Miss McGinnis met with all of our new K-3 PCA hires this month. These meetings served as a personal check-in. A survey was sent prior to the meetings with the following questions:
 - **Please list and/or describe things that you believe are going well.**
 - **What do you like most about working at PCA?**
 - **What would make your job more satisfying**

PEAK

- The PEAK Board met on Sunday, October 8th.
- PEAK voted to fund a musical performance for the K-3 campus on October 20th. The Virginia Repertory Theatre will perform twice on this day for our students. The first performance will be held at 10:30 for kindergarten and 3rd grade. The second performance will be held at 12:30 for 1st and 2nd grades. Students will be able to enjoy and experience a performance and demonstrate appreciation and appropriate behavior for this event.

- PCA was represented at the Cleveland County Fair with a fair booth designed and created by our art teachers, Laura Ballard and Meagan Jaynes .

- **Pastries with Parents** was held for our kindergarteners and their parents on October 6th. It was a heavily attended event!
- A **Veterans Day Celebration** will be held on November 8th for K-3 students and veterans.
- The K-3 campus is gearing up for the first ever **One School One Book** event. This is an awesome opportunity to promote reading on a high, collaborative level. Read to Them is a 501(c) (3) nonprofit that believes in the transformational power of reading aloud to children. Students will be able to bolster their academic and personal success through a reading rich strategy that forges lasting partnerships across families, schools, and the community. Every child and K-3 staff member will be

given the book we chose to read and discuss. We will read aloud for 15 days to complete the book and enjoy the same reading experiences.

October 2023

Curriculum/Academics/Data

- Tutors
 - Our two tutors, Mrs. Hawkins and Mrs. Yates, have been following their new tutor schedule to support 4th, 5th, and 6th grade students.

- They are supporting a variety of students through the use of our most recent data collection in i-Ready.
- The supplies they are using are a combination of LLI material (Leveled Literacy Intervention) and standards-based math intervention bundles.
- EVAAS Data
 - EVAAS has released student projection summaries. Mrs. Brooks, Mrs. Barnes, and I are working to compile this data for teachers and will be meeting with teachers individually. In these data meetings we help teachers set attainable proficiency goals for each of their classes and offer support based on individual teacher needs.
- Check-Ins
 - 4th-8th grade classes will take Check-In 1 on October 18th-20th. Data from this assessment will be shared in the November board report.

Professional Development:

- Teach Like a Champion
 - The Office of Charter Schools in collaboration with the NC ACCESS Program partnered with Teach Like a Champion to provide charter school leaders and teachers the opportunity to engage in Teach Like a Champion training. The NC ACCESS Program sponsored 200 charter school teachers and charter school administrators to participate in the training.
 - Teach Like a Champion provides educators with a set of techniques, a shared vocabulary, and a framework for practice that equip teachers to achieve dramatic results with their students. Their resources are used by schools throughout the world.
 - On Wednesday, September 13th and Thursday, September 14th, I attended the second part of the Teach Like a Champion training in Raleigh (first session was in January of this year).
 - Ms. McGinnis (K-3 Associate Dean), Ms. Cochran (4th grade), Ms. Taylor (2nd grade), and Ms. Collins (Kindergarten) attended as well.
 - Each of us found the training to be extremely beneficial. The teachers have already implemented strategies they learned in January and are eager to implement more moving forward.

Beginning Teacher/New Hires:

- Ms. McGinnis and I sent a survey to our new hires to gain a better understanding of what is going well and what areas they need more support in. We then scheduled individual meetings to dive deeper into their responses.
 - Positives include
 - feeling supported by their fellow teachers and admin team
 - PCA being a positive, professional place to work- school spirit was specifically mentioned
 - Enjoying the content that PCA has to offer in it's curriculum
 - High expectations for students and staff
 - Feeling free to ask questions and getting helpful feedback/advice
 - Areas needing support include
 - Classroom management strategies (resources given in the individual meetings)

- Requests for more knowledge in the EC realm of teaching (ex. how co-teaching works with inclusion teachers, how to better meet the needs of EC students in the classroom, etc.) Ms. Frazier has already reached out and addressed these needs!
- How to help students grow and how to track student growth (resources given in the individual meetings)

Curriculum and Academics:

- Dr. Martin has organized a CFNC day for seniors and their families on Tuesday, October 10th. This session will outline information needed for how to pay for college and steps seniors and families need to take concerning applications and scholarships. There are several big changes to FAFSA this year and this workshop will give our families and students another opportunity to hear about these changes.
- On Wednesday, September 27th Cleveland Community College invited our students to participate in College Experience Day. This was an opportunity for juniors and seniors to visit with the CACRAO college fair or to visit a CTE area of interest. We had many juniors and seniors participate and we are very thankful for this opportunity for them.
- Data from our first Check- Ins are beginning to come in and we are off to a great start. We will continue to push, but pleased with the beginning results.

Subject	Proficiency	Goal based on EVAAS data	Difference from Goal

- A major focus for the 2023-24 school year is to help our students be accepted, attend, and earn potential scholarships from various universities and programs. Mr. Ziegler, Dr. Martin and I have met multiple times and have asked several universities to present to our students and to meet with us to go over information to best help prepare prospective students. We have already had a few of these meetings and many more are scheduled. These sessions with admissions representatives have been very helpful and informative to us and our students.

5: Coaches Meeting:

At the request of Dr. Shope, I have shared an email correspondence below that outlines a recent meeting on the PCA Coaching Staff and our thoughts on our potential membership in the NCHSAA.

Dear Dr. Shope & Mrs. Brooks,

I hope this email finds you well. I wanted to update you on a recent discussion within the athletic coaching staff here at PCA regarding our potential membership in the North Carolina High School Athletic Association (NCHSAA). The majority of our coaching staff recently convened to deliberate the possibility of joining the NCHSAA for the 24-25 school year.

After careful consideration, the consensus among the coaching staff was that it would be best to postpone our application until the (24-25) school year. The primary reason for this decision is the proposed redistricting of conferences for 1A schools scheduled to occur during the 25-26 school year. By applying next November during the 24-25 school year, we aim to align our membership with the commencement of the completely new redistricting of conferences in 25-26.

As the Athletic Director, I endorse the recommendation to defer our application until the 24-25 school year, ensuring that we are well-prepared for full membership within the 25-26 school year, as proposed by our coaching staff. This approach will allow us to dedicate the upcoming 24-25 school year to strengthening our middle school sports programs and enhancing our athletic facilities.

If you have any questions or require further clarification on this matter, please do not hesitate to reach out. Additionally, I'd still like to discuss the possibility of presenting this proposal at an upcoming school board meeting. If you would like to move it until a later date, I completely understand as I think we have additional time to get more information together for a presentation to the board.

I am available to do so during the next meeting or at a later date, according to your preference. Your thoughts on this would be greatly appreciated. Thank you for your consideration, and I look forward to your response.

With Great Respect,

Brandon Gosey

In conclusion, the dedication and hard work of our student-athletes continue to shine as we approach these significant milestones in our athletic calendar. We look forward to keeping the board updated on the outcomes of these events and the ongoing success of our athletic programs.

Thank you for your continued support and commitment to PCA Athletics.

Thank you,

Brandon E. Gosey
